

Strata India participates in the 72nd Annual Session of Indian Roads Congress

The Indian Roads Congress (IRC) is the premier technical body of Highway Engineers in the country. Over the years IRC has burgeoned and grown into a multi-dimensional organization, devoted to the cause of better roads & better bridges in the country.

IRC provides a national forum to share knowledge and experience on various subjects related to the construction and maintenance of roads and bridges – covering the spheres of technology, equipment, research, planning, finance etc. The organization holds periodical meetings, to discuss technical queries regarding new road construction technologies amongst other things. For more information on the 72nd Annual Session of India Roads Congress log on to: <http://www.72irclucknow.in>

Strata India will be participating in the upcoming exhibition being held by the IRC in November 2011 to promote the use of new technology in this sector. We look forward to meeting you at the exhibition at our stall (no. 37) from 3rd to 6th November at Lucknow. The 72nd Annual Session of Indian Roads Congress is being hosted by Government of Uttar Pradesh.
